

The event proceeded very well with only a few taking small detours mainly due to lack of attention. I have only received positive comments from those involved and had a number come to thank me for organising the event. Bruce Cook and Ed O'Connor assisted me in marking the course. Bruce and the Run Inn Runners handled registrations and recording at base and the checkpoints which eased my load considerably. As a result they earned considerable funds for their team in the 500 km ROAD RELAY later this year which raises funds for the Endeavour Foundation. The post race BBQ was handled superbly by the WARMS (Woodford and Region Men's Shed) with heaps of helpers. They also gained considerable funds for their organisation which is working towards building a proper facility for their organisation at the Woodford Railway Museum. Thanks also to Ross McLeavy for entering data into the computer to allow results to be posted quickly. Dreamsport Photography took many photographs around the course.

The 55km was won in a fast time under 4 hours by Moritz Auf Der Heide who I believe is visiting from GERMANY. First female was Nicole Van Gulp in just over five hours. Of the 52 starters only four failed to complete the course although a few had falls along the way but were checked out at various points by Sports Trainer, Peter Boardman. Another Sports Trainer, Judith Miller, was present at base after completing the 10km to patch up the wounded. Jimmy Tee downgraded to the shorter 10km (usually does long run) to lead the field home with Michelle Martinez first female. Trevor Allen beat Stephen O'Connor home in the 5km but not far behind in the female placings (1st and 3rd) were Stephen's daughters, Kirsten (10 years) and Paige (8 years). Alex Runners , Dave Scroope and Allun Mullen were the first relay team to finish.

HARES and HOUNDS - Solo Runs - 2014
